Company Profile

CHICHUU FOOD is a company which integrates services from laver breeding, marine aquaculture, products processing and sales. The predecessor of the company has engaged in laver breeding and primary raw material processing for more than 20 years.

Shanghai Chichuu Food Science & Technology Co., Ltd was founded in 2016 which is a sales branch of headquarters factory, purposes to provide professional products and services for customers. Since 2017, the company has registered its own trademarks and expanded the production of secondary processing. After launching a series of pre-packaged laver products such as sushi series and snacks series, Chichuu Food officially started to enter the seaweed retail market.

Chichuu Food not soley provides customers with high-quality seaweed products, but also aims to establish a better and more complete global industrial service chain from production, sales and after-sales service.

To provide the most appropriate products to the customers who need them most, we are practicing. To pay close attention to the customer experience, we are constantly improving and innovating. Chichuu Food has been exported overseas. We are looking forward to seeing the world. Let every taster enjoy the happiness is our eternal principle.
